What messages are you sending with your body language and facial expressions? Does the way you present yourself elicit real, authentic sharing and collaboration in others? Can you authentically build relationships built on trust and collaboration? In this workshop we will explore a framework for understanding the underpinnings of trustworthiness, rapport, and conveying competence and confidence in group situations. Join us to learn the process of identifying and overcoming stereotypes and other unconscious biases that block the path to authentic presence.</p> <div style="display: flex; justify-content: space-around;"><div style="text-align: center;"><p>Keynote & Moderator: Dr. Maja Djikic Rotman School of Management</p></div><div style="text-align: center;"><p>Panelist: Barb Anderson Chief Financial Officer and Vice President, Corporate Services, IESO</p></div></div> <div style="display: flex; justify-content: space-around; margin-top: 20px;"><div style="text-align: center;"><p>Panelist: Nkechi Nwafor-Robinson Associate Vice President, Technology, TD Bank</p></div><div style="text-align: center;"><p>Panelist: Robin Riddell Vice President, Human Resources, IESO</p></div></div>

9:30 AM TO 11:00 AM	<p>WORKSHOP SUNDAY SHOWERS</p> <p>Breadwinning Women of the World: As we are all aware, women face unique challenges within the workplace and when you are the primary earner in your household, this can create additional complexities which can be different than traditional male breadwinners. Despite the growing number of breadwinning women, there are many societal gender norms and sensitivities tied to success and money which cause these women to be part of a 'silent' community. Only when they open up to one another do they realize how many of us there are, and how much we need to be discussing our challenges and opportunities.</p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>Bethanie Baynes Director, Global Partnerships, Google</p> </div> <div style="text-align: center;">  <p>Jennifer Kim Founder, Inclusion at Work</p> </div> </div> <div style="display: flex; justify-content: space-around; margin-top: 20px;"> <div style="text-align: center;">  <p>Chanèle McFarlane Personal Branding Strategist, TEDx Speaker, Talent Brand Lead, Capital One Canada</p> </div> <div style="text-align: center;">  <p>Erin Willet Brand & Culture Strategist, Founder, The Tap In Team</p> </div> </div>	GREEN ROOM Lower Level

2:30 PM TO 4:00 PM	<p>CONTENT SESSION FUNDRAISING: ADVICE FROM BOTH SIDES OF THE TABLE Presented by: Torys LLP</p> <p>It's no secret that fundraising is hard and that it can feel like an intimidating and lonely process. Wouldn't it be hugely valuable if you knew in advance what VCs really look for in the companies they fund, and what secrets other founders might be able to share to help you be successful? This session will provide you with real, actionable advice from both sides of the deal table: founders who have successfully raised capital and VCs who are actively investing. Our panel will dive deep into the strategies they employed, the challenges they faced and what VCs look for when founders pitch to them.</p> <p>The discussion will be followed by a Q&A.</p> <div style="display: flex; justify-content: space-around;"><div style="text-align: center;"><p>Welcome Remarks & Moderator: Kristine Di Bacco Partner, Torys LLP</p></div><div style="text-align: center;"><p>Panelist: Stephany Lapierre Founder, Tealbook</p></div><div style="text-align: center;"><p>Panelist: Eva Lau Co-Founder & Managing Partner, Two Small Fish Ventures</p></div></div> <div style="display: flex; justify-content: space-around; margin-top: 20px;"><div style="text-align: center;"><p>Panelist: Melanie Travis Founder, Andie Swim</p></div><div style="text-align: center;"><p>Panelist: Chevona Walcott Analyst, Relay Ventures</p></div></div>	MAIN FOYER Side Stage #1

TIME	CONTENT SESSIONS AND WORKSHOPS	LOCATION
3:00 PM TO 4:00 PM	 <p>WORKSHOP IMPOSTER SYNDROME Presented by: Karlyn Percil Speaker, Author, Motivator</p> <p>Research shows that an estimated 70% of people will experience Imposter Syndrome in their lifetime. It also shows that when women see themselves represented, it decreases the likelihood of them experiencing high levels of Imposter Syndrome.</p> <p>And even when we do see ourselves represented, women often struggle with belonging, owning their brilliance, confidence, and seat at the table — especially in underrepresented spaces and rooms like the Tech field.</p> <p>During this workshop we will focus on the science behind Imposter Syndrome, the various types, the role the brain plays in identifying which syndrome one represents with the most and will also address the Elephant in the Room — on the impact intersectionality has on Imposter Syndrome for women of color.</p> <p>Join us for a brave conversation that matter and walk away with the Taming My Imposter Leadership Kit brought to you by the SisterTalk Leadership and Wellness Academy.</p>	GREEN ROOM Lower Level
